

Clean Oil - Bright Ideas

 **Recycle Your Oil!**

C.C. Jensen - the global leader in oil maintenance with more than 60 years of experience, designs and manufactures CJC® Oil cleaning solutions for removal of particles, water, acidity and oil degradation products (varnish) from hydraulic oils, lube oils, gear oils, diesel fuels, etc.. Our CJC® Filter inserts are made of 100% natural cellulose fibres from sustainable resources. No metal, no plastics, and no chemicals! CJC® can assist your company with **GREEN** initiatives!

Our Oil Cleaning Filtration and Water Removal Solutions provide the cleanest oil possible for your day-to-day needs.
