SCAN-IT

PATRIOT FLUID POWER INTEGRATED ACQUISITION TECHNOLOGY

SCANNING = EQUALS > GREATER

• Cost Savings • Productivity • Order Accuracy • Inventory Management • Flexibility • Organization

Using SCAN-IT makes inventory reordering quick, easy and accurate! Manual entry of part numbers is no longer required, however, SCAN-IT is so flexible, manual entry is still possible!

Other benefits of using SCAN-IT:

- Detailed reporting capabilities to improve inventory management and processes
- Integration with current ERP software
- No additional hardware costs, no additional equipment required
- Electronic copy of orders and CSV order acknowledgements

Please contact us to set up your SCAN-IT log-in!

Works with any Tablet or Smart Phone!
