**SCAN→IT®**  
PATRIOT FLUID POWER INTEGRATED ACQUISITION TECHNOLOGY

**SCANNING = EQUALS > GREATER**

- Cost Savings
- Productivity
- Order Accuracy
- Inventory Management
- Flexibility
- Organization

Using SCAN→IT makes inventory reordering quick, easy and accurate! Manual entry of part numbers is no longer required, however, SCAN→IT is so flexible, manual entry is still possible!

Other benefits of using SCAN→IT:

- Detailed reporting capabilities to improve inventory management and processes
- Integration with current ERP software
- No additional hardware costs, no additional equipment required
- Electronic copy of orders and CSV order acknowledgements

Please contact us to set up your SCAN→IT log-in!

Works with any Tablet or Smart Phone!
